## **Bakersfield Republican Assembly** **Against the Recall of City Councilman Ken Weir**

*Bakersfield*—Ken Mettler, president of the Bakersfield Republican Assembly announced today their membership voted overwhelming in opposition to the recall effort against City Councilman Ken Weir

Councilman Ken Weir has demonstrated that he is a fiscal conservative and a supporter of private property rights which is consistent with the principles of the Republican Party. Councilman Weir was properly elected by the voters in Ward 3 for a four year term. Any infractions noted by the opponents to Councilman Weir do not rise to the level justifying a recall, stated Mettler.

The Bakersfield Republican Assembly supports Councilman Weir's efforts to promote rational fiscal policies and respect for private property rights.

*"The Bakersfield Republican Assembly is part of the oldest, largest, and fastest growing Republican organization in California and serves as the "Conscience of the Republican Party".*
