

Recall Ken Weir

"Ken Weir Needs to Go!"

Dear Voting Household,

The residents of the Third Ward are being given a tremendous opportunity in this defining moment of Bakersfield History to recall our current Councilman, Ken Weir. It is a sad occasion when a recall needs to happen, but in light of Mr. Weir's past illegal actions and ongoing efforts to replace a fine outstanding Chairman of the Planning Commission, we are compelled to urgently circulate petitions to place Weir's recall on the November ballot.

Now, Mr. Weir and his political detractors are trying to deceive you, the voters of the Third Ward, once again. They are calling our effort to recall Weir a special interest manipulation by the unions and environmental extremists. **NOTHING COULD BE FARTHER FROM THE TRUTH.** The fact is, that there is a large and diverse group of voters and contributors in the Third Ward, and ALL parts of our City, even former political adversaries, who have now come together in unity to work together to remove the unsatisfactory leadership and representation of Ken Weir. In his desperation, Weir is trying to disparage and disenfranchise legitimate voters of his Ward. This recall is not about "unions" and "environmentalists" or an outstanding Planning Commissioner. It is about an unaccountable, autocratic, arrogant and unapologetic Councilman who continues to serve his own interests and special interest groups in the name of "personal property rights." We ask, "Whose personal property rights are you defending, Mr. Weir? It certainly is not the 400 homeowners in West Park who were deprived of their rights when you voted to turn their homes into a freeway!"

Folks, we have tried to make this petition signing as simple as possible. So, I'm urging you to sign and then find as many other Ward 3 registered voters to also sign the enclosed petition. Don't forget you must also complete the lower portion on the petition as the circulator as well as signing as petition signer. Then place it in the post-paid envelope and return it with the response card to our P.O. Box address as soon as possible.

Our sincere thanks to you all for exercising your right and privilege to recall Ken Weir.

For You and Good Government,

Will Winn and Lori Manoso

Co-Chairs, Committee to Recall Ken Weir

P.S.—Obviously, there are expenses to be met in our effort to recall Mr. Weir. Printing and mass-mailings are costly. So, I would ask that you consider a donation to help us underwrite this financial need. Please make your checks payable to: The Committee to Recall Ken Weir.
